

INTERCONNECT SYSTEMS

Maxx Wireless Conference Phone Instructions

To pick up a call:

While it is ringing press the button with the “phone icon”

To place an outside call:

Press the button with the “phone icon”

Dial “8” or “9” (depending upon your outside line access number)

Dial the telephone number.

Hold= Flash

The unit only needs to be plugged in to charge up. You may unplug it to use it and take it to wherever you want to make the conference call.

To make a Conference Call from the Maxx Wireless:

1. While on a call press **Flash and dial [5]**.
2. Place another call, then **Flash + [5], dial the next number** (inside party=extension number/outside party dial “8” or “9”, then the outside number), If necessary, repeat this step to place more than one call on hold.
3. **Flash+ [5]** again to join all of the calls together in the conference.
